MARY HIGH SCHOOL  
DETROIT, MICHIGAN

## *Dedication*

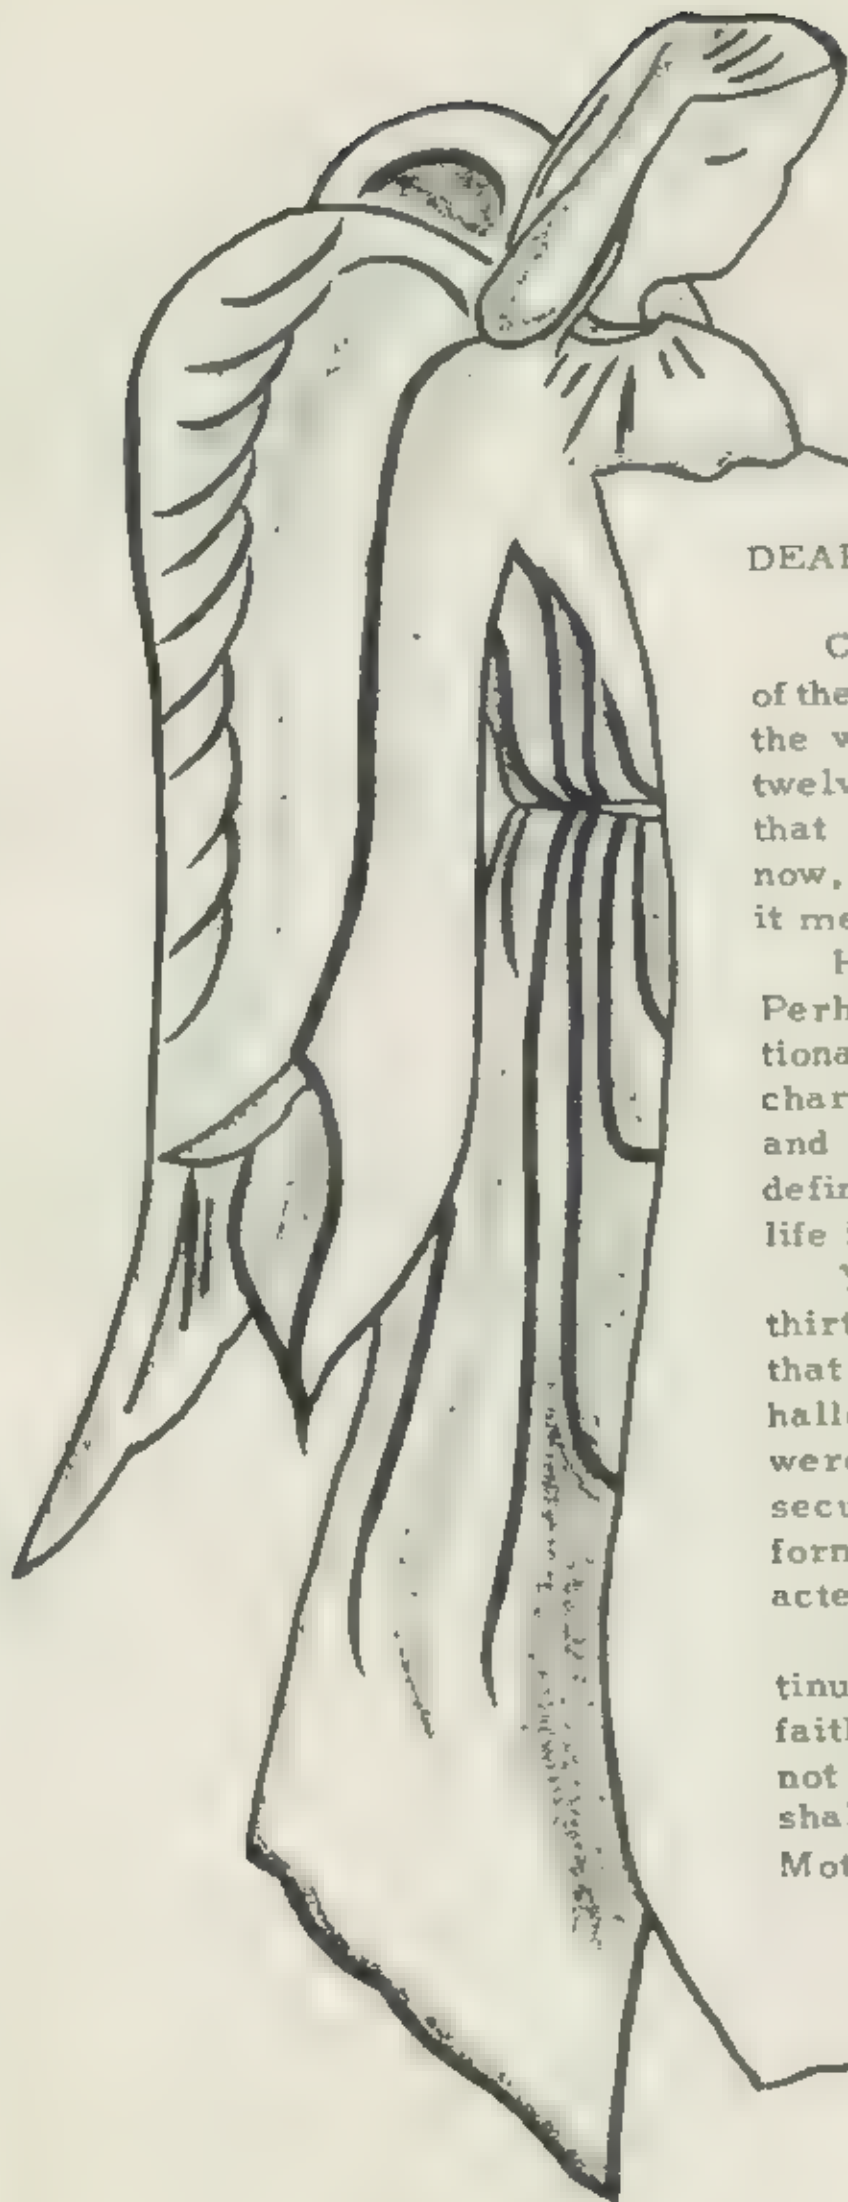

On the completion of our high school career, we the class of nineteen hundred and fifty wish to express our deepest gratitude and our fondest appreciation to our beloved parents by dedicating this year-book as a small but true token of our love for them. Through their helpful guidance, numerous sacrifices, and prayers we were privileged to attend a Catholic high school. For this sincere generosity may our Blessed Lord protect with a sacred vigilance those whom we cherish and guide them to the everlasting joys of Heaven.

To you, Mom and Dad, this book is dedicated as a symbol of filial love.

# Open Letter To Our Lady

DEAREST MOTHER,

Can the Senior year be one explanation of the familiar quotation "The end crowns the work?" During the course of those twelve years, each one of us has analyzed that old adage quite impersonally, but now, we are face to face as to what does it mean to me, now, personally.

Have I achieved the end of my work? Perhaps, partially, in regard to educational standards, but what can I say of my character? Is it strong enough to buffet and face the various problems that will definitely arise during the course of my life in this perplexed world of ours?

Yes, Dearest Mother, you expect us, thirty one seniors, to prove to the world, that the time we have spent within the hallowed walls of a Catholic High School were not merely years spent in acquiring secular knowledge only, but more so, in forming a straight-forward upright character and conscience.

Heavenly Mother, with you as our continual inspiration and guide, help us to be faithful, obedient clients of yours. Did not Your Divine Son promise "He that shall persevere to the end shall be saved?" Mother we place our H-O-P-E in THEE.

# *Educational Promoter*

Superintendent of the Parochial Schools of the Archdiocese of Detroit.

REV. MSGR. CARROLL DEADY

A loyal friend of youth and a staunch defender of Catholic education is no one else than our respected and loved diocesan Superintendent Monsignor Deady.

# *Spiritual Guide*

Our pastor

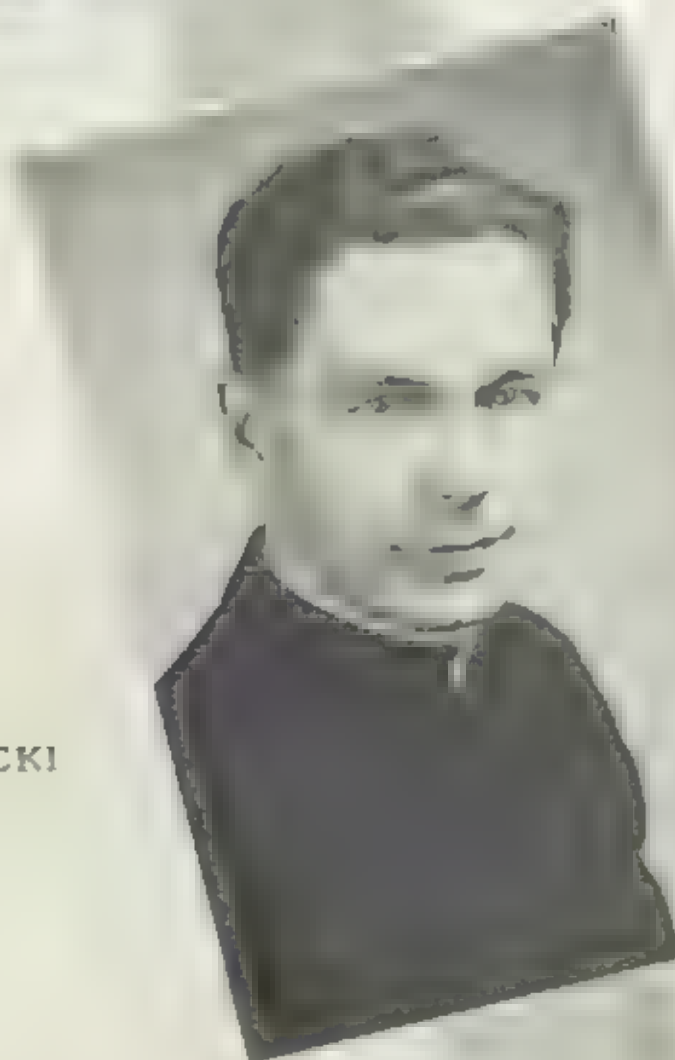

REV. ADAM KOPROWSKI

It is inevitable that Father Koprowski has won the affection of the students in this brief stay with us. His interest in youth inspires and encourages us to continue the work for attaining our ultimate end - HEAVEN.

# Mary Our Guide

The freshmen learn about God's traffic lights--the Commandments.

Sophomores dramatize the first unction and the final one in an individual's life.

# SCIENCE

The Why's and How's open new avenues to science.

The student of today are the scientists of tomorrow.

Anatomy not only intrigues the Freshmen but more so makes them appreciate God's given gifts.

The juniors study the functions of the sense organs and their relation to health.

Interesting specimen and charts give the Biology students a clearer understanding of plant and animal life.

The juniors' interest is held while watching a huge turtle.

The aquarium entrances the junior girls.

We live in the world of angles, planes, and solids as is seen by the Seniors.

# MATHEMATICS

Algebraic problems are solved graphically by the freshmen.

Working on addition of polynomials.

Logical reasoning is demanded of the sophomores in plane geometry.

Attentively listening to Macbeth.

The intricacies of classical Latin and the beauties of Scriptural Latin are eagerly studied by the freshmen.

The sophomores line up to their challenge: "Mend your speech, lest it mar your fortune."

Industrial arts is part of the boys' program at Heart's. Every boy has the opportunity to make sketches and instrument drawings of orthographic drawings, perspective and isometric drawings, and finally architectural drawings.

# M E C H A N I C A L D R A W I N G

# BUSINESS

Classroom showing correct typing techniques to insure a successful future.

Shortly after, the students rapidly review their first forms in preparation for the next lesson.

# EDUCATION

# THE AMERICAN WAY

Arms and law do not bring us together.

To achieve peace and happiness in any society, all must pull together with, and for and under, "Mary Our Hope".

The active participation from the class newspaper "Our Times" provides excellent preparation for the duties of adult citizenship.

The Modern History Students staunchly declare that the remedy for the evils that afflict society today is not violent upheavals, but the harmonious cooperation of workers and employees, of State and Church.

The Seniors realize that voting intelligently is a moral as well as a civic duty, especially in the days of anti-democratic "isms".

# *Business Mathematics*

Business math students learn how to verify extensions on invoices.

Freshmen in Business Training class prepare for a round table discussion.

Practical problems correlate business mathematics with daily life.

# CLOTHING

Not only the production of the garments is important, but also, the quality which is carefully evaluated by a wise purchaser.

Busy hands can produce useful garments.

# LIBRARY

Students widen their reading abilities by adequate library facilities.

Getting things settled.

Working during leisure moments.

## Your Gas Company is 99 years young this year

We've been part of Detroit since 1851—99 years ago—but we just haven't had time to grow old. Too busy. Too busy keeping ahead of this growing city and its increasing need for gas.

It takes a lot of work and a lot of long-range planning to make sure that there will be plenty of gas for

some six hundred thousand families and thousands of plants now and in the future. The responsibility, and the hard work required to meet that responsibility, keeps us from feeling or thinking "old."

We'll be here, furnishing you with up-to-the-minute gas service, when *your* children graduate, too!
